

Cucamonga Valley Water District
Recycled Water System
Application and Permit Procedure Summary

1. Application form for recycled water service and four (4) copies of recycled water use drawings are filed with the District by authorized applicant.
2. District forwards copies of application and exhibits to the Department of Health Services for review.
3. Upon receipt of approval from the Department of Health Services, the District issues an Agreement for Use of Recycled Water (Agreement) to the applicant. The District may prescribe additional requirements, not already contained in the Rules and Regulations, in the user Agreement.
4. Three (3) copies of the Plans and Specifications prepared by a landscape architect or engineer registered with the State of California are submitted by the applicant to the District.
5. Upon approval by the District of Plans and Specifications, the District grants authorization (signs the Agreement) to the applicant to commence construction.
6. The District is notified by the applicant forty-eight (48) hours prior to start of any construction.
7. Record (as-built) drawings and Certification Form for Recycled Water Service within the Cucamonga Valley Water District are submitted by the applicant to the District. Applicant shall submit one(1) set of bluelines and one (1) set of mylars of record drawings, and one (1) certification form.
8. District notifies applicant in writing as to the date and time for testing the installed system if deemed necessary by District.
9. Upon approval of Record Drawings by the District, the District shall certify the design and construction and forward the certification form to the Department of Health Services.
10. Upon submittal of the certification form to the Department of Health Services, the District shall initiate recycled water service.

CUCAMONGA VALLEY WATER DISTRICT
Application Form for Recycled Water Service

This application is made in accordance with the "Procedural Guidelines and General Design Standards for Recycled Water Service" of the Cucamonga Valley Water District, as they may be amended from time to time.
