

LEAD FACILITIES MAINTENANCE SPECIALIST

Job Status: Non-Exempt
Date Adopted: 01-2015
Date Modified: 03-16-2023

Safety Sensitive Position

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Under general supervision, performs a variety of semi-skilled and skilled tasks in the construction, alteration, maintenance and repair of District buildings and facilities; and performs related duties as assigned.

DISTINGUISHING CHARACTERISTICS

The Lead Facilities Maintenance Specialist is an advanced journey working level classification. At this level, incumbents perform the most complex and specialized work tasks, while exercising broader discretion and independent judgment within established guidelines.

SUPERVISION RECEIVED AND EXERCISED

Direct supervision is received from the Operations Supervisor (Facilities) and/or Operations Manager (Construction & Maintenance).

Technical or functional work direction will be provided to Facilities Maintenance Specialist I/II's and Facilities Maintenance Worker by the Lead Facilities Maintenance Specialist.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS

Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

1. Performs various maintenance functions in carpentry, plumbing, heating and air conditioning, custodial, painting, and minor electrical repair.
2. Inspects air conditioning and heating units to ensure efficient operation; diagnoses electrical and mechanical malfunctions and makes necessary repairs; installs new heating, ventilation, and air conditioning systems.
3. Installs, assembles, relocates, and repairs office equipment, including clocks, appliances, and furniture.
4. Ensures preparedness of meeting rooms, including the Board room, and conference rooms as appropriate, including the addition or rearrangement of furniture; set-up, maintains, adjusts and repairs lighting and room thermostats.

Lead Facilities Maintenance Specialist

Essential Functions (continued):

5. Does rough carpentry work associated with the remodeling of offices and buildings, including constructing forms, repairing drywall, plaster, roofing, doors, and broken tiles and repair or replacement of window frames and broken windows; paints, stains, patches, builds, and installs furniture and cabinets.
6. Troubleshoots and maintains plumbing systems, toilets, faucets, and drains in building and other District facilities; replaces piping and exercises pumps and valves to flush drainage systems.
7. Performs minor electrical repairs to and including lighting, light fixtures, and pumps.
8. Performs duties related to custodial work on the interior and exterior of District facilities, including cleaning of room, halls, restrooms, offices, and District property. Completes building and site inspections and equipment monitoring and testing associated with a preventive maintenance program; maintains records and makes reports of work conducted or planned.
9. Assists in monitoring and coordinating the work of contracted maintenance services, such as for landscaping, janitorial work, solar heating, or concrete replacement; review and verifies work referenced on contractor invoices.
10. May assist in orienting or training new personnel; makes recommendations on improvements to job procedures.
11. District employees are expected to work overtime, weekends, evenings, and holidays as required to accommodate the District's needs, in addition to responding as a Disaster Emergency Service Worker.
12. Regular attendance at the work site.

Marginal Functions:

1. Responds to after-hour emergencies, as necessary.
2. Performs related duties and responsibilities as required.
